SILAS BURNS, PROPRIETOR, BUILDER OF STEAM ENGINES AND GENERAL MACHINIST. The above establishment has been in successful operation about one year, and has turned out some of the best STEAM ENGINES and SAW MILLS that have ever operated in this or any other State.
Orders are solicited for Steam Engines and Saw Mills, Mill Gearing and Machinery of every discription to be completed during the Summer and Fall. The improved condition of the Raleigh and Gaston Rail Road will enable me to fill with dispatch and punctuality all orders after the 1st of July.
The following certificate will show the character of the work executed at the above Works:
"AUBRY, Cumberland, May 15, 1852.
"MR. SILAS BURNS—*Dear Sir:* Our Engine and Mills, made at your shops, have been at work nearly two months, and fully meet our expectations. The ENGINE, as to FINISH and STRENGTH, PERFORMANCE and DURABILITY, is inferior to none in the State of the same class made here or elsewhere. The MILLS run with a smoothness and speed truly astonishing. In ordinary sawing we cut in a common sized log, 1 foot, in 3¾ seconds or 16 feet per minute. We have run, however, through an 18 feet log in 32 seconds or at the rate of 33 feet per minute, by running to the top speed we fully believe we can cut 40 feet per minute. The only objection we have heard urged is, it takes too many hands to haul up logs and carry away lumber. Yours, &c.,
JONES & BARBEE."

METROPOLITAN FEMALE SEMINARY. The subscriber proposes to open, on the second Monday in January next, in the City of Raleigh, a High School for young ladies, under the above title.
For this purpose, he has purchased the property formerly owned, and employed for school purposes, by the late Rev. J. J. Finch. It is situated on Halifax street, a few hundred yards north of the Capitol, in a pleasant and desirable part of the city; sufficiently near, to enjoy all the advantages of the city, and sufficiently retired to be free from most of its annoyances.
He has also purchased an unimproved lot, in the same vicinity,—one of the most eligible and beautiful sites in the city, upon which he intends, as soon as circumstances will admit, to erect large and commodious buildings, with special reference to school purposes. Many circumstances conspire to render Raleigh a most desirable location for a female school. Its proverbial healthfulness; the objects of interest, which attach to it, as the capitol of the State; its accessibility by means of rail roads; the high character of the institutions it already contains; and its growing importance, giving promise of permanent prosperity, are all circumstances which cannot be overlooked by parents, desiring to give their daughters a polite and an accomplished education. The subscriber will be assisted in the duties of the school by Mrs. McDowell and other competent and experienced instructors; and all the facilities necessary to a first class school, will be promptly provided.
The course of instruction will be thorough; embracing all the branches usually taught in High Schools or Colleges, and diplomas will be granted to those who complete the course. Certificates of graduation will also be given in Music and other Ornamental Branches, to those who attain the requisite proficiency.
The sessions and vacations will be arranged to correspond as nearly as practicable with those of Wake Forest College, in order that parents patronizing both Institutions, may have the advantage of sending their sons and daughters together.

TERMS PER SESSION.

Primary Department,	$10
Prepatory Department,	15
Classical and Scientific Department,	25
Music on Piano and Guitar, including the use of Instrument,	25
Other Ornamental Branches at the usual prices.	
Board including washing, fuel, &c.,	60
Contingent Expenses.	1

Payable promptly at the end of each session.
No deduction for absence, after a pupil has entered, except in cases of protracted sickness. The above terms are as moderate, it is believed, as the expensiveness of living and the facilities, which will be provided, will justify. But experience has taught that Parents, who properly appreciate the education of their children, are more solicitous about the character of the *instruction* imparted, than about the price paid for it.
Hence the prime object will not be to make the school *as cheap* as possible, but to render the instruction as *efficient* as possible.
The subscriber flatters himself that the experience he has had in teaching young ladies and the satisfaction he has been enabled to give, will be a sufficient guarantee, to all who may be disposed to patronize his school, that their daughters will be properly cared for, and faithfully instructed. And as he has undertaken this enterprise at the urgent solicitation of numerous friends, and under the impression that important interests may be subserved thereby, he trusts that he shall not lack that generous sympathy and liberal support which have been accorded to him elsewhere.
A. McDOWELL.

5. BLACKWOOD'S EDINBURGH MAGAZINE (Tory.)

The present critical state of European affairs will render these publications unusually interesting during the year 1854. They will occupy a middle ground between the hastily written news-items, crude speculations, and flying rumors of the daily Journal, and the ponderous Tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well-established literary, scientific, and theological character, we urge them upon the consideration of the reading public.
Arrangements are in progress for the receipt of early sheets from the British Publishers, by which we shall be able to place *all* our Reprints in the hands of subscribers, about as soon as they can be furnished with the foreign copies. Although this will involve a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz:

	Per ann.
For any one of the four Reviews	$3 00
For any two of the four Reviews	5 00
For any three of the four Reviews	7 00
For all four of the Reviews	8 00
For Blackwood's Magazine	3 00
For Blackwood and three Reviews	9 00
For Blackwood and the four Reviews	10 00

Payments to be made in all cases in advance. Money current in the State where issued will be received at par.

A discount of twenty-five per cent from the above prices will be allowed to Clubs ordering four or more copies of any one or more of the above works. Thus: Four copies of Blackwood, or of one Review, will be sent to one address for $9; four copies of the four Reviews and Blackwood for $30; and so on.

DEMOCRATIC MEETING IN CLEAVELAND.

In accordance with previous notice, a portion of the Democratic party of the county of Cleaveland, assembled at the Court House in Shelby, on Monday the 9th instant, for the purpose of appointing delegates to the contemplated State Convention of the Democratic party, to be held in the City of Raleigh, to nominate a candidate for Governor.

On motion, A. W. Burton, Esq. was called to the Chair, and J. A. Andrews, requested to act as Secretary.

The object of the meeting was explained by the Chairman, when the following resolutions were offered by Maj. Joseph K. Irby, and unanimously adopted, viz:

WHEREAS, It has been the custom of the Democratic party of North Carolina, to assemble in Convention to nominate some suitable person as a Candidate for the office of Governor; and as the Convention will assemble in the City of Raleigh, soon, for that purpose; we, the Democrats of Cleaveland county do adopt the following:

Resolved, That we do hereby approve of the course of the present administration, and congratulate our fellow Democrats in promoting so faithful and efficient an officer to the Presidency of the United States, as Franklin Pierce; and we approve, and heartily concur in the doctrines contained in his annual message, and in all the actions of his Cabinet.

Resolved, That it is a matter to be regretted that our present Governor and able champion of Democracy, David S. Reid, is constitutionally debarred from coming before the people as a candidate for the Gubernatorial office. But for his sound doctrine, able advocacy of Democracy, and faithful discharge of his official duties, he has the best wishes of the party, in retiring from his present high and elevated position.

Resolved, That we approve the course pursued by the able Editor of the Standard, W. W. Holden, Esq., in the late Congressional canvass. And although it is to be regretted that some of our able advocates have wandered from the true faith, and have united with the disorganizers, instead of bright and shining lights; yet be they who they may, we will not lend our support in any way, to any man, or set of men, who have attempted this movement in our party.

Resolved, That we have confidence in the Democratic State Convention, and that we will support the nominee of said Convention, be he who he may; yet we would recommend the claims of Capt. John F. Hoke, of Lincoln county, as a suitable person to receive said nomination.

Resolved, That the Chairman appoint four delegates to represent this county in the State Convention, and that said delegates be requested to attend.

In obedience to the 6th resolution, the Chairman appointed the following delegates to the Convention, viz: Charles Blanton, G. G. Holland, Joseph K. Irby, and D. D. Latimore.

Resolved, If it so happens that none of the delegates should find it convenient to be present, that we appoint W. W. Holden, Esq., of Raleigh, alternate, and request him to cast the vote of this county.

Resolved, That the proceedings of this meeting be published in the Carolina Intelligencer, Cleaveland Herald, and that the Standard, Republican Banner, Western Democrat, and the other Democratic papers in the State be requested to copy.

On motion, the meeting adjourned.

A. W. BURTON, *Chairman.*

J. A. ANDREWS, *Secretary.*

CAPTAIN ALDEN PARTRIDGE, well known as a military instructor, died at Norwich, Vermont, on the 16th inst., after an illness of twenty-four hours. He was about seventy years old, and had been throughout his long life distinguished for health and hardihood, preserving his pedestrian habits almost to the last. He was a native of Norwich, entered Dartmouth College about 1807, and received his degree in 1812. He entered the United States army—engineer corps—and was made superintendent of the military school at West Point. During his absence from that post for a season, the government appointed a superintendent *pro tempore*.

On the return of Captain Partridge, a difference arose between him and the superintendent, which resulted, after a court martial, in the resignation of Capt. Partridge. He then established his military school at Norwich, which subsequently became the Norwich University, by charter from the legislature of Vermont. The school for many years had extraordinary popularity, a large number of the best officers of the army being graduates from it. About 1826 he removed his school to Middletown, Connecticut, which for several years had similar success. He afterwards returned and resumed the school at Norwich, and continued until by arrangement the school passed to the superintendence of Col. Ransom, one of his pupils, who afterwards fell in battle at the city of Mexico. Afterwards, Capt. Partridge established schools in various places, pursuing his one object, military science and instruction, with the same enthusiasm to the last.

Capt. Partridge had very recently returned from his military school in New Jersey, where his establishment had been prrtially destroyed by fire. It is supposed that his exertions at the fire laid the foundation of the illness which terminated his life.

THE NEBRASKA QUESTION. It gives us sincere pleasure to observe that, on Monday, Senator Douglas of Illinois introduced an amendment to the Nebraska bill, intended to remove all room for doubt as to the true meaning and operation of the compromise of 1850. It declares, says the Union, that, "by the principles of that Compromise, *the Missouri Compromise was superseded*, and, therefore, that the re-enactment of those principles in the Nebraska bill *renders the Missouri Compromise act inoperative.*" It is designed, therefore, to carry out in good faith the principles of the Compromise of 1850; and as such it cannot fail to command the support of all Democrats who are standing faithfully and sincerely upon the Compromise of 1850 as a final and permanent settlement of the slavery question. We cannot but regard the policy of the administration as directly involved in this question. That policy looks to fidelity to the Compromise of 1850 as an essential requisite to Democratic orthodoxy. The proposition of Mr. Douglas is a practical execution the principles of that Compromise, and therefore cannot but be regarded by the administration as a test of democratic orthodoxy. The union of the Democracy on this proposition will dissipate forever the charges of free soil sympathies so recklessly and pertinaciously urged against the administration by our Whig opponents, whilst it will take from disaffection in our own ranks the last vestige of a pretext for its opposition." *Rich. Enq.*

THE LIEUTENANT GENERAL BILL may be written down dead for the session. It was referred yesterday to the Committee of the Whole on the state of the Union in the House, by a vote of one hundred yeas to seventy-eight nays, under circumstances rendering it very certain that the majority do not entertain the slightest idea of giving other business before that committee the go-by to enable them to take it up for consideration. Its friends struggled manfully to save it from this fate, but in vain. It was made, for the most part, a party question; the Whigs voting against the reference, while the Democrats voted to refer it.

There is a growing indisposition in our national councils to multiply honors on military men, as was manifested in debate in the Senate on this bill. Much of this feeling doubtless grows out of the eagerness displayed by gentlemen who have "seen service," to procure the enactment of every thing proposed which looks to a recognition of the principle that military service is worthy of higher honors than are accorded to those who merely serve their country with fidelity and distinguished ability as civilians. At least such is the impression evidently prevailing among the statesmen of America, who have not drawn sword on the field of battle. *Wash. Star.*

N. C. RAIL ROAD STOCK. Among the persons whose stock in this Company is advertised to be sold for a failure to pay up, we learn that there are many who have very decided objections to having their names thus publicly paraded as defaulters, and who have offered to make payment to any person authorized to receive it, but who could find no such person here or elsewhere in the eastern part of the State, which is certainly a serious omission on the part of the authorities of the Company. We know that one firm here was applied to by several subscribers to the stock, but they refused to receive payment, having no authority for so doing. *Wilmington Journal.*

WASHINGTON, Jan. 24th, 1854.

Joint report of the Committee on the Nebraska Bill—An Amendment by the Territorial Committee—Its Support by Leading Northern and Southern Members—The Administration Endorsement of it—Taking the Slavery Agitation out of Congress—Gen. Pierce and Free Soilism, &c.

The Committee on Territories of the Senate and House of Representatives have jointly agreed on the following section of the new Nebraska Bill:

"Section 14. That the constitution and laws of the United States, which are not locally inapplicable, shall have the same force and effect within the said Territory as elsewhere within the United States [except the 8th section of the act preparatory to the admission of Missouri into the Union, approved March 6, 1820, which was suspended by the principles of the legislation of 1850, commonly called the compromise measures, and is hereby declared inoperative."]

And they have also agreed to oppose every amendment to this section, and artifice by which the true meaning of he same may be obscured or rendered less explicit.

I can further state that Judge Douglas, of the Senate, has consulted the leading Northern and Southern Senators on the subject, and that they will support the above amendment. When the committee had agreed to it, the case was submitted to General Cass, who gave it his cordial approval; and I can further state that, notwithstanding all that newspapers have said about the veteran statesman, he was prepared himself to offer a similar amendment and support it by a speech, (which he will still make,) as I have stated, weeks ago, in my letters to the Sun from what I deem the most authentic authority. Gov. Bright has also been consulted, and has given the amendment his manly, cordial approval.

In the House, Gen. Richardson, of Illinois, has pursued a course similar to the patriotic and statesmanlike course of Judge Douglas. Influential members of the North and South have also been consulted, and they promise their support to the amendment. Finally the administration paper, the Union, to-day endorses the amendment, and makes it the touch stone of true orthodox democracy. You will see, then, that I was right in my statements and the views I expressed on this important subject. They are precisely the same views which I had the privilege to submit to the readers of the Baltimore Sun in 1849 and 1850, and I acknowledge frankly that I am vain enough to take pride in my consistency.

I have not the slightest fear that the slavery agitation will commence *de novo*, provided this Congress will act with promptness and decision. Let the power of meddling with the domestic institutions of the States and Territories be taken away from Congress, and fanatics will cease to send men to Congress for the sole purpose of mooting this dangerous question. The above 14th section of the Nebraska bill strikes at the root of this evil, and the country is indebted to the committee on Territories, and their able chairman, for having presented it.

WASHINGTON, Jan. 26.

The Softs and the Nebraska Bill—Agitation Anticipated.

The softs of the House, including Mr. Dean, held a meeting yesterday and agreed not to support the Nebraska bill in its present form, but to adhere to the Missouri restriction. Thus the one wing of the Democracy is already at war with the administration on this vital point, for the administration regard the principles of the measure proposed by Mr. Douglas as "a test of democratic orthodoxy."

Meanwhile we learn from one quarter at the North, that any measure superseding the Missouri Compromise is likely to be vehemently resisted, and be made a political test. The legislatures of New York and Ohio and probably other Northern State Legislatures, will adopt resolutions in opposition to Mr. Douglas' present bill, or any bill having in view the alteration of the Missouri Compromise. The subject is evidently to become one of great agitation and excitement, both in and out of Congress.

The result will be, the delay of the passage of the Nebraska Bill, without the question upon the organization of the territory of Arresonia shall come up, and then, by another compromise, it may be decided to bring in Nebraska and Kansas under the restriction of 1820, and to give to the inhabitants of Arresonia the right to hold slaves or not as they choose.

WILMINGTON & MANCHESTER RAIL ROAD. The 6th Annual Meeting of the Stockholders of this Company took place in this town on Wednesday last. The proceedings have not been handed in for publication, neither have we the reports of the officers.

The meeting was organized by the appointment of B. K. Hennegan, Esq., of Marion, as Chairman, and Geo. R. French and Wm. Rogers, as Secretaries.

A committee was appointed to examine proxies, and to ascertain the number of shares represented, which reported that there was represented in person and by proxy, 7,421¼ shares, including the State's stock, held by H. L. Holmes, Esq.

The Reports of the President, Engineers, and Examining Committee were read.

On motion of Dr. F. J. Hill,

Resolved, That the Engineer of the Wilmington & Manchester Rail Road Company be instructed to make a reconnoissance of the Wateree & Hamburg Rail Road, with the view of ascertaining the most practicable route for the construction of the same.

The President's salary was fixed at $3,000 for the ensuing year.

An election of officers was held, with the following result:

Gen. W. W. Harllee, President.

Jno. A. Taylor, T. D. Walker, Henry Nutt, N. N. Nixon, Alfred Smith, J. E. Gregg, E. W. Charles, W. A. Muldrow, Jno. B. Moore and J. W. McCall, Directors.

The location of the Workshops was referred to the President and Directors.

A commission from the Governor of this State, authorising Samuel J. Person, Esq., to act as Director for the State, was presented before the announcement of the election of the above officers, but the Company refused to recognise the right of such appointment.

Authority was given to the President and Directors to issue Income Bonds to the amount of $200,000, to stock the Road, build workshops, &c.

A resolution was unanimously adopted, authorising the sale of $200,000 worth of W. & R. R. R. stock held by the Company, and received from the State of North Carolina in exchange for an equal amount in the stock of the W. & M. R. R. Co. The resolution contains a proviso for the payment to the State any amount of loss which she may sustain by the sale of such stock at a less rate than par, in case the State should demand it.

The next annual meeting will be held in this town on the 1st Wednesday after the 4th Monday in January, 1855. *Wilmington Herald.*

QUICK ON THE TRIGGER. 'You will please observe,' said old Mr. Lambwell, as he led us through his school the other day, "that the boys are required to display the utmost attention to questions and discipline, and in a short time become divested of that most annoying disposition to tease each other, in short, they soon settle down in all the gravity of mature years, under the wholesome system I have introduced."

We at this moment arrived in front of several boys, who were standing around a bucket of water, and one had just charged his mouth with the contents of a tin cup, while the old gentleman stooping to recover his pen from the floor, when another boy passing behind, snapped his fingers beneath the boy's ear, causing him by a sudden start to eject the contents over the pedagogue's bald pate. Starting upright, with face and hair dripping, the master shouted:

"Who did that?"

The party unanimously cried out, "Jim Gun, sir."

"Jim Gun, you rascal, what did you do that for?"

Jim, appalled at the mischief he had done, muttered out that it was not his fault, but Tom Owen had snapped him.

This changed the direction of old Lambwell's wrath, and shaking his hand portentously over Tom Owen's head, he asked him, "did you snap Gun?"

The culprit, trembling with fear murmured, "yes, sir, I snapt Gun, but I didn't know he was loaded.

The Standard.

RALEIGH, WEDNESDAY, FEB. 1, 1854.

DAVID S. REID.

Our present Governor, David S. Reid, will retire om office at the close of this year with a reputa- on for ability, firmness, and patriotic devotion to the ublic good surpassed by none of his predecessors. e has not aimed at any thing like brilliancy in his dministration—he has sought no eclat, and done othing for mere effect; his highest commendation found in the results of his laborious application to the public business, and in the State-wide popu- arity which he enjoys.

There is but one thing which, in connection with is administration, we regret; and that is, the fail- re for the time being of the great principle of Free uffrage which originated with him. But this meas- ure is at least in safe hands, and the people of both parties will see that it is engrafted in the Constitu- ion, and that by legislative enactment and their anction at the polls. Like the fabled Antæus, it will spring with new vigor from the earth; its very fall will touch the popular heart with more force than it ever before commanded; and there is no Whig Hercules who can crush or keep it down.

Gov. Reid is one of those public men who neither seek public station, nor decline it when called upon by the voice of the people to assume it. His rule uniformly has been to perform his duties to his country to the best of his judgment, and to adhere to principles under all circumstances, leaving conse- quences to take care of themselves. Such a man has faith in the people, and they, in return, must have faith in him. No man can say that, during any of his campaigns, he ever varied a hair's breadth in his opinions or principles with the view of obtaining local or sectional support; what he was in Currituck he was in Cherokee; and what he was before the people he is now, as their Chief Magistrate. It is natural, therefore, that he should be an object of popular attachment and respect; and that his ad- ministration, based as it is on sound and well-defined principles, should approach its close with so many gratifying evidences of popular approval.

☞ The Register, with affected indignation, takes us to task for having expressed confidence in Presi- dent Pierce—for having said, on the land question, "it is due to the President, no less than to our time- honored principles, that we should still occupy the old ground." Well, what of it? Is there any thing wrong in that? The Register says such sentiments are "detestable, anti-republican." It also speaks of them as embodying "high toryism," and appeals to the people to know if they will obey "the royal mandate of President Pierce." We have no better answer to offer to such stuff than to characterize it as *schoolboy demagogueism;* the demagogueism of worn-down party hacks is bad enough, but that is worse.

"High Toryism"? And this from a journal which but a few weeks since gravely proposed for the adop- tion of the people of North Carolina the British practice of electing representatives from localities to which they do not belong! We take the Register on its own ground—on ground voluntarily assumed by it, and pronounce it a British paper, and totally unworthy to speak for a free, self-governing people. We point to that paper, not only as the echo and reflex of Hamiltonian, Badger, and Graham Federal- ism, but as the enemy of Free Suffrage and the un- blushing advocate of doctrines which would turn all representative government into an absurdity, and erect once more among us the decaying and detesta- ble edifice of British rule! Can this be possible? It is—read that paper, fellow-citizens, and judge for yourselves. We speak from the record. The twink- lings of the "Tri-Weekly Star" are not merely harmless, but absolutely tolerable, when compared to such sentiments as these.

But the Register charges that we are a man-wor- shipper. Our whole course disproves the charge; but with what grace does this come from a journal which hailed Henry Clay, in 1844, as more than mortal, and which ranked Gen. Taylor with the peer- less and illustrious WASHINGTON? The truth is, next to the servile *government-men* of England, many leading Whigs of this country—we will not say all —are the most confirmed man-worshippers to be found. Every four years we have a second Washing- ton; no sooner does their Convention meet, and wran- gle, and nominate a candidate for President, than we are told that Washington is again among us, and that the people are to be *privileged* to vote for the very greatest man upon the stage of action. And then if the people, who have rather a singular way of doing as they please, should decline to vote for this candidate, they are charged with ingratitude, and fears are expressed that the government and all in- terests will rush to ruin. These are plain and unde- niable facts, which we have given in self-defence more than from any wish to utter hard things about our political opponents.

Rhode Island on the Nebraska Bill.

PROVIDENCE, JAN. 27. Resolutions against the Nebraska bill, with slavery above the line of the Missouri Compromise, passed both branches of the Legislature unanimously.

The proposition of Judge Douglas to abrogate the Missouri line, is rapidly arousing the anti-Slavery feeling of the Northern and Eastern States. "Little Rhody" is "spunky." She might have waited for New York, or Ohio, or Pennsylvania; and yet if she had waited for the latter, she might not have spoken at all.

It is evident, from the tone of the Washington Union and the speech of Mr. Smith, of Virginia, that the Administration is favorable to the movement of Senator Douglas. It is hardly worth while for our Northern fellow-citizens to become very angry over this matter; we assure them that the people "down South" are keeping cool about this time.

☞ The Foreign News by the Atlantic, which we give in another column, is important.

France has called out an additional contingent of 80,000 men, to replace the 70,000 destined for Tur- key; and indeed, the signs appear to point more strongly than ever to a general European war.

Riots, it will be seen, have occured in England, owing to the scarcity and high price of bread.

Cotton was was steady at former prices, and bread- stuffs had advanced considerably.

☞ The last Wilmington Journal says: "We are authorized to state that the Mail will be trans- ferred to the Wilmington and Manchester Road on Wednesday, the 1st February, at which time the Steamers of the Wilmington and Raleigh Rail Road Company will stop running." The steamers refer- red to are to be sold at auction on the 13th of April.

CLEAVELAND COUNTY. We are deeply grateful to the Democracy of Cleaveland for the kind terms in which they have been pleased to refer to our course. That sterling Democrat, A. W. Burton, Esq., presided, as will be seen by the proceedings in our paper to-day.

WHEELER'S HISTORY OF NORTH CAROLINA.

We observe in the papers at Washington City this work for sale. The report of the Library Com- mittee of the last session in recommending the pur- chase of this work for our State Library stated that this work was a "laudable undertaking to rescue from oblivion some of the most brilliant points in the history of North Carolina, and elevate the char- acter of our State abroad." It cannot but be that some errors should creep into a work extending over a period from 1584 to 1851, and detailing so many events and such a number of names. Yet we believe that the effort has been successful, and have no doubt that many who first drew their breath in North Carolina and now living in other States will peruse its pages with deep interest. We learn that there are more members representing other States in Congress natives of North Carolina than any other State. Among them we notice the names of Col. Benton, of Missouri, born in Orange County; Dun- bar, of Louisiana, and Jones, of the same State, born in Rowan; McQueen, of South Carolina, born in Ro- beson; Orr, of the same State, in Wake; Gov. Lane, of Oregon, also born in Wake; Etheridge, of Ten- nessee, born in Currituck; and Gen. Zollicoffer, of the same State, born in Halifax; and many others, who have doubtless read the record of their own State with pride and satisfaction.

THE NEBRASKA QUESTION.

One of the Washington Correspondents of the Richmond Enquirer says: "The amendments to the Nebraska bill are received with great favor. They have changed the whole character of the bill, and it will be passed by Congress. Judge Douglas has be- haved well in yielding to the just demands of those who are opposed to the revival of the slavery agitation for any purpose, and who are favorable to the constitutional rights of the South and of all sec- tions of the country." One of these amendments ex- pressly declares that the Missouri line "was super- seded by the principles of the legislation of 1850, commonly called the compromise measures, and *is declared inoperative.*"

Judge Douglas has thus marched boldly up to the question at issue, and put it in a shape so well de- fined and palpable that no one can misapprehend the purpose he proposes to attain. That purpose is to open Nebraska to African slavery, and to leave it to the people thereof to say whether they will have the institution or not.

☞ We observe that some of our contempora- ries of the press, of both parties, are apprehensive that the slavery agitation is about to be re-opened. Our friend of the South-Side Democrat, says:

"It should not be disguised from the South, that the whole question of slavery has been re-opened by northern fanaticism, and that the agitation is spread- ing in all directions with alarming rapidity. Dis- cord, excitement and fierce strife now preside where six months ago reigned apparent peace, quiet and fidelity to the constitution. Who could have dreamed, eighteen months since, that we should have such a phenomena as is now presented; who could have supposed that the truce of 1850 would so soon be proclaimed meaningless and hollow, and that too, by the section that secured from it what the South lost—*almost everything.*

The press of the North, with noble exceptions, are fast wheeling into the abolition phalanx. The Albany Atlas, the organ of the "soft-shell" party, in New York, has formerly entered its protest against any attempt to disturb the Missouri Compromise. The Evening Post holds to the same faith, only is more bitter in its assaults upon the slave-holder. The New York Times, which for the last six months has been endeavoring to maintain a conservative position goes over to the abolitionists, body and soul. The Tribune, of course, is with them. The Express, Commercial and Mirror, organs of the Fill- more wing of the whig party, spit upon the bill of Judge Douglas with the venon and malice of wound- ed serpents. In short, we may say, but two promi- nent papers in New York City, the Herald and Na- tional Democrat, sustain the constitutional rights of the South. So rolls the tide."

One thing is certain—whatever may be the course of Northern presses and politicians in this emergen- cy—we have in Gen. Pierce a President who will stand by the Constitution, and interpose every effort on his part to maintain peace and protect the just rights of the South.

We should deeply regret to see this agitation re- vived. The South can gain nothing by it. The ex- perience of the past proves this; and we trust that Southern men will bear, as far as they can with honor and a proper regard for their rights, these ebullitions of Northern Freesoil feeling. The presses named are, it is true, most influential; but let us see if they speak for the masses of the Northern people. It is time enough yet to retort with angry feeling—time enough to cut loose from the shore and launch out into a sea of strife, which may carry us we know not whither. Let Southern men, while they insist upon all that is due them, be at the same time calm, and ready rather to arrest the threatened agitation than to strengthen and extend it.

CARAWAN'S TRIAL.

We are indebted to Mr. Dimock, through Mr. Po- meroy, for a pamphlet of 123 pages containing the trial of Rev. Geo. W. Carawan for the murder of C. H. Lassiter. This tragedy, it is well known, occur- red in Hyde County, in this State; and the murder- er was tried in Beaufort County, Judge Bailey pre- siding—Counsel for the State, Geo. S. Stevenson, *Solicitor*, E. J. Warren and D. M. Carter—for the prisoner, James W. Bryan, William B. Rodman, F. B. Satterthwaite and R. S. Dounell.

The pamphlet has been well gotten up—it is devo- ted to crime and blood, and nothing that we could say would prevent the community generally from reading it. Our opinion, however, is that it will do more harm than good. Books teeming with the won- derful, with what appeals to the passions, or with the horrible, are eagerly sought and read; while those which contain sound maxims and noble truths are left to moulder upon the shelves.

☞ The Norfolk Argus of Friday says: "The quantity of corn in market is nothing like equal to the demand for it. It is scarce, and the price at which it is selling must induce more to our markets. There is but a small amount afloat, while in storage there is a large quantity, yet the demand is such that twice the quantity would be hardly sufficient. Large sales were made yesterday again at 90c. for yellow. Breadstuffs of all descriptions are tending upwards, and we know of no market so well adapted for their sale as ours."

The Petersburg Democrat of the same date says: "Wheat was sold yesterday in little Petersburg at $2 03. Farmers, pour in your wheat, and sell. If you have any stored in Richmond, send it over; you will get more than your freights in the differ- ence."

☞ An esteemed friend, writing from Paris, un- der date January 9th, says:

"Mr. Mason, [the American Minister,] will reach here to-day. His arrival is important. The com- mercial treaty between France and the United States will be of immense benefit. I sincerely hope to see a direct trade between the continent and some Sou- thern (say Norfolk) port."

☞ We shall have the pleasure, in the course of a week or two, of laying before our readers the first annual Report of the State Superintendant of Com- mon Schools.

THIRTY-THIRD CONGRESS—1st SESSION.

THURSDAY, JAN. 26, 1854.

SENATE.

After the reading of the journal, the credentials of the new Senator from Mississippi, Hon. A. G. Brown, were presented by Mr. Sebastian and read.

Mr. Seward then presented several petitions for diminution of ocean postage from New York. Also, another for a grant of public land for the construc- tion of a ship canal around the Falls of Niagara.

Mr. Clayton presented the claim of the late Charge d'Affaires at Stockholm, for further compensation, and moved its reference to the committee on foreign relations.

Mr. Bell wished to know from the chairman of the committee on commerce, what would be done with the river and harbor improvements bill.

Mr. Hamilton replied that it was the usual custom to wait for a bill from the House. There was some important improvements, as at the south of the Mississippi, on which the committee were about to make a report. There would be no different step taken from what was customary.

Mr. Badger spoke with regard to the removing the obstructions at the mouth of the Cape Fear river, and hoped that a special committee would be formed for that purpose.

Mr. Seward was in favor of the committee on com- merce reporting immediately on the river and harbor improvement bill.

Mr. Hunter, from the committee on finance, to which was referred the bill from the House of Rep- resentatives for the payment of invalid and other pensions of the United States, for the year ending June 30, 1853, reported the same back, with amendments

Mr. Shields, from the committee on military af- fairs, to which was referred the bill from the House of Representatives "for the relief of the United States troops, sufferers by the disaster of the steamer San Francisco," reported the same back with amend- ments, and asked for its present consideration.

The Senate, as in committee of the Whole, accor- dingly proceeded to consider the bill.

The first amendment of the committee was to add at the end of the following words, in the first section:

"That there shall be paid, under the direction of the President, to each of the officers, non-commis- sioned officers, musicians and privates, who were, on the 21st day of December, 1853, embarked at New York, under orders for California, on the steamship San Francisco, and who were on board that vessel on the occasion of her recent disaster at sea."

The words—"And to Lieutenant Francis Key Murray, and any other officer or seaman of the Uni- ted States Navy who was on board said steamer un- der orders, so that there shall be paid to each his pay and allowance for four months."

The next amendment of the committee was to add at the end of the first section the following proviso:

Provided, That the amount of pay and allowance advanced to the officers and men by the authority of the President, previous to their embarcation, shall be passed to their credit, and their receipts for the same be cancelled.

Mr. Shields. I will state that it is the six months pay and rations, all of which they have lost, for which the amendment proposes to give them credit. We desire to give them credit for that pay and for those rations, and not to hold them responsible or chargeable for them. I believe the House originally intended to make the provision, but it was left out perhaps by mistake. There is another amendment.

The next amendment of the committee was to add to the end of the second section, which is in these words:

"That if any such officer, non-commissioned offi- cer, musician, or private, shall have died before re- ceiving such payment from any cause consequent upon said disaster, his widow, if one survives him, and if not, then his minor children, if any there be, shall be paid a sum equal in amount to six months allowance of the deceased."

The words:

And that the widows and minor children of those officers, non-commissioned officers and privates who perished by this disaster, or died from disease in consequence thereof, shall be allowed pensions in the same manner in all respects as if the said officers, non-commissioned officers, and privates had been killed in battle.

The presiding officer [Mr. Norris] in the Chair. If there be no objection the question will be taken on all the amendments together.

There was no objection, and the amendments were agreed to.

After various amendments were proposed to the bill and disposed of, the bill was reported to the Sen- ate as amended, and finally ordered to be read a third time; and was read a third time and passed.

The Senate proceeded to consider the resolution from the committee on the judiciary, relative to the Hon. Samuel S. Phelps, appointed by the Governor of Vermont, in the recess of the Legislature of that State, to fill a vacancy in the Senate.

The resolution reported from the committee by a majority is in the following words:

Resolved, That the Hon. Samuel S. Phelps is en- titled to retain his seat in the Senate of the United States.

A minority of the committe, consisting of Mr. Butler and Mr. Bayard, dissent, and submit a minor- ity report expressive of their views.

The question before the Senate was stated to be on the resolution reported from the committee.

Mr. Petit proceeded to address the Senate in sup- port of the resolution of the committee.

Mr. Butler said the question was a very simple one, and his views upon it had been submitted in the minority report.

The Senate proceeded to the consideration of ex- ecutive business, and after some time spent therein adjourned.

HOUSE OF REPRESENTATIVES.

To-day, after the reading of the journal, a Depart- ment communication which was on the Speaker's table, a letter from the Secretary of the Interior, an- nouncing a deficiency of $50,000 in the last year's appropriation for the Mexican boundary survey, and requesting Congress to supply it, was referred to the committee on ways and means, and ordered to be printed.

On motion of Mr. Jones of Tenn., the House then went into a committee of the whole on the state of the Union, Mr. Orr in the chair, wherein the resolu- tions distributing the topics treated in the President's Message among the various standing committees, be- ing taken up—

Mr. Etheridge, who was entitled to the floor, ad- dressed the House at length in favor of the enact- ment of the Senate's Lieutenant General bill, which on Tuesday last had been committed.

Mr. E. spoke at length, and when he had conclud- ed other various portions of the President's Message were taken up and referred to appropriate commit- tees.

The resolution to refer so much of the message as relates to a modification of the present patent law system to the committee on patents, having come up,

Mr. Clingman moved to amend it so as to author- ize the committee on patents to report a provision against the extension of patents to any person be- yond 14 years. The amendment was adopted.

The committee, having disposed of the resolu- tions, rose. The resolutions were then reported to the House, and finally adopted as amended.

The House then resolved itself into the committee of the whole on the State of the Union on the defi- ciency bill, (Mr. Stanton of Tennessee, in the chair.)

Mr. Smith of Virginia, addressed the Committee at considerable length, adverting to the New York controversy, and regretting that it should have been introduced into the House of Representatives. He repudiated the charge that the President or his Cabinet had interfered with the rights of elections. He concluded by urging the New York Democracy to support the Administration and Democracy. He said the Administration supported the repeal of the Missouri Compromise.

The debate then terminated, the Committee rose, and the House adjourned.

In the Senate, on Friday, the Chair presented from the President some correspondence relative to Bedi- ni, the Pope's Nuncio; and Mr. Cass made some ex- planatory remarks on the subject. The Senate then took up the private calender, passed thirteen, reject- ed one, and postponed six private bills; and then, at three o'clock adjourned to Monday.

The House was engaged on Friday on private bills; and then adjourned to Monday.

The letter of our Washington Correspondent fail- ed to come to hand.

FOUR DAYS LATER FROM EUROPE.

Affairs in the East—Successes of the Turks on the Danube—Austria and Russia—The Czar Submits to no Interference—The Allied Fleets—Bread Ri- ots in England—The Soule Duels—The Burmese and China Wars—Liberia and Louis Napoleon —Further Advance in Breadstuffs.

NEW YORK, Jan. 27. The Steamer Atlantic has arrived with Liverpool dates of Jan. 11.

The steamer Sarah Sands, from Portland, arrived at Liverpool on the 15th. The steamer Charity was to sail on the 16th for Portland. The Asia arrived out on the 9th.

EASTERN AFFAIRS.

There is little definite intelligence to add to the important advices per Niagara. It is confirmed that on Dec. 30th a part of the allied fleet entered the Black Sea, having been prevented from entering be- fore by tempestuous weather.

Up to the last dates the Russian ambassadors had not withdrawn from London or Paris. M. Kisselef, the Russian Ambassador at Paris, had stated that he would await further instructions from his govern- ment.

From Vienna it is stated, with seeming authen- ticity, that Austria had asked Russia if she would consent to a European protectorate over the Chris- tians in Turkey. To this the Czar replied that he would consent to no interference whatever between himself and Turkey.

On the Danube very little was doing, owing to the weather. There had however been three slight af- fairs, one between a Turkish forage escort and the Cossacks, another a sally from Sistorria, and a third, an action between a Russian steamer and two gun boats, and the shore batteries on the Danube, in all of which the Turks were victorious.

The report that the Turks had stormed Karakal, although probable, was not confirmed.

From Asia we have the letter writers' accounts of previous affairs, but not a word of later news.

The Russians had warned their shipping not to venture out of their ports unless under the protec- tion of a convoy. Convoys are to be organized to different trading ports.

The Pasha of Egypt, on hearing of the affair at Sinope, immediately ordered the equipment of 6 frigates, 2 corvettes, and 3 brigs to replace those lost.

It is confirmed that the Wallachian peasantry are in insurrection.

Lord Dudley Stuart had an interview with the Sultan relative to employing Poles in the Turkish service.

It is reported that the British Charge had resum- ed negotiations with Persia. The Persians at Se- heran had broken out in tumult against the Rus- sians.

The king of Belgium has sent an autograph letter to Napoleon by a special messenger on the subject of war prospects. The contents have not trans- pired, but it is supposed to be a new device of the Czar to gain time, or as a bona fide proposal from Belgium.

France had called out an additional contingent of 80,000 men to replace the 70,000 destined for Tur- key.

Prussia was concerting a course of action with Sweden and Deemark in view of the coming war.

The Russian sailors on leave of abscence had been ordered to return by the 1st of March.

A letter from Christiana states that Norway had determined to fit out a squadron of twelve ships in view of approaching events. Little sympathy for Russia exists among the Norwegians.

SPAIN.

The Marquis of Turgot had been appointed Grand Officer of the Legion of Honor, it was supposed on account of Soule wounding him.

Young Soule had published a long letter explain- ing his difficulty with the Duke of Alba.

INDIA AND CHINA.

The overland mail brings Calcutta dates of Dec. 6th. The news from Burmah was contradictory, but war was reported to have broken out and the Burmese had recaptured Rega.

The Russians were reported at Khira. Trade in India was fair.

Shanghai dates of the 19th state that the insur- gents had evacuated Amoy, and the Imperialists had perpetrated a horrible massacre there.

ENGLAND.

The enormous rise in the price of food had caused serious apprehensions of riots among the laboring classes. Bread riots had already commenced in parts of Devonshire. At Topsham mobs of women threat- ened the bakers in consequence of their raising the prices of bread. At Crediton also mobs of men, wo- men and children paraded the streets and attacked the bakers' shops, breaking their doors and windows. The market people were also molested, and their pro- duce kicked about the streets. The police were un- able to put down the disturbance, but after the re- port spread that the troops were coming quiet was restored.

LIBERIA.

Dates from Liberia of December 18th had been received in London. The coast was healthy. Presi- dent Roberts had delivered a satisfactory address to the Legislature. He informs them of an alliance with France and England, and that Napoleon had sent him one thousand stand of arms, and accoutre- ments for the native militia. At Lagos, affairs were unsettled. Kossaka, with 10,000 men, was in the rear of the town, threatening hostilities.

THE MARKETS.

Liverpool, Jan. 11th. Brown & Shipley report that since the Niagara, Cotton had been steady but inanimate at former rates—Fair Uplands 6¾d., Mid- dling 5¾d., Fair Orleans 6¾d., Middling 6¼d. Mc- Henry says that late imports being freely offered, afforded buyers some selection, and better grades were a shade under extreme rates. The unsettled aspect of the Eastern question created caution and limited operations. The sales of the three days were 17,000 bales, of which 2,000 were on specula- tion and 1,500 for export. Market closed firm.

Breadstuffs—Brown & Shipley report a further ad- vance of 2s. per bbl. in flour, 2s. per quarter in corn and 6d per bushel in wheat. Baltimore, Philadel- phia and Ohio flour 44 a 45s.; Canal 42s. 6d. a 44s.; Canada 44 a 45s.; white wheat 12 a 13s.; red 11s a 12s. 6d. White corn 51 a 52s.; yellow 50s.; mixed 49s.

McMakin's circular quotes barley advanced 4d. a 5d; beans 2s.; oats 2d a 3d.

Provisions.—McHenry reports an improved de- mand. New Bacon was taken at full rates; old neg- lected. Beef more wanted, but not advanced. Pork very dull; Cheese scarce; dearer and in demand; Tallow had advanced 1 a 2s. Nothing doing in Bark or Seeds.

At Manchester business dull but prices firm.

London Market. The produce market is very ac- tive. Large sales of West India at 6d advance; yel- low Havanna 23 a 26s. Coffee higher. Teas in less demand. Rice brisk. White Bengal 16. a 17s.

Later from Mexico—Great Excitement at Chihua- hua and Sonora—Arrival of the United States.

NEW ORLEANS, Jan. 27. By an arrival here we have Mexican dates to the 7th.

Much excitement prevailed at Chihuahua and So- nora, in consequence of a new treaty having been formed. Leading men say they will become an- nexed to the United States, rather than submit.

We have Texas dates to the 20th. The Gover- nor says he will close no contract for the construc- tion of the Pacific Railroad before the 1st of May.

The steamer "United States" from California has arrived.

She left the Ohio at Aspinwall, with three hund- red passengers and a million of specie, destined for New York.

The Congress at New Grenada had levied a tax of ten per cent. on the estimated profits of all vessels arriving and departing to and from Aspinwall.

Later from St. Domingo—Apprehended Invasion and Overthrow of Soloque.

NEW YORK, Jan. 26. The brig Eva has arrived here, bringing dates from St. Domingo to the 8th January. There was intense excitement throughout the island in consequence of an apprehended inva- sion and overthrow of the Emperor Soloque.

The Erie Difficulty.

ERIE, Jan. 26. It is understood that the U. S. Marshal has received a despatch from Attorney Gen- eral Cushing, instructing him to proceed to repair the railroad, and proffering him the aid of U. S. troops in case of obstruction. Judge Thompson is endeavoring to allay the excitement.

The rumor of the Small Pox having made its ap- pearance in the vicinity of Clinton, is, we learn from a gentleman of that place, totally without founda- tion. This report, no doubt, grew out of the fact of the prevalence of Small Pox in a neighborhood in Duplin county, on the North-East River. The in- fected district is distant from Clinton some 30 or 35 miles. With a proper degree of caution there is lit- tle danger that it will reach Clinton.

Fayetteville Carolinian.

The Wilmington Herald says:

"In a conversation with a gentleman from Duplin yesterday, we were pleased to learn that the reports respecting the prevalence of the Small Pox in that county, have been much exaggerated. He informed us that the total number of deaths has been about twelve; and there has not, to his knowledge, been an ascertained new case in the last thirteen or four- teen days. One of the persons published as having died of the disease, has been dead some fifteen or twenty years. The alarm has been general, and the disease more fatal from the want of proper manage- ment and attendance."

Senator Douglas' bill in its new form has been made the special order of the day for Monday next. The bill, as it now stands, sets aside the compromi- ses, and recognises the territory of Nebraska as open for the admission of Southern emigrants with their slave property, as well as those from the North with their property of every other description—leaving it to the people of the territory, when they frame their State Constitution, to permit or prohibit slavery at their option. This is certainly the true Constitu- tional ground maintained by the Southern States but compromised by them for the sake of peace. On Monday, then, when the bill comes up we may ex- pect to see the commencement of a struggle similar to that of 1850, with many circumstances to render it more bitter and protracted.

Norfolk Herald, Whig.

THE BLUE RIDGE RAILROAD. We are happy to learn that the Tennessee Legislature have granted aid to the Blue Ridge Railroad Company witnin the limits of that State to the amount of $550,000. This with the subscription under the control of Knoxville, raises the Tennessee contribution to this important work to the sum of $850,000. We also learn that a bill was before the Legislature, the passage of which was confidently anticipated, granting aid to the amount of a million of dollars to a branch connecting Chattanooga with the Blue Ridge Railroad at a point near the State line.

IMPORTANT FROM SPAIN. It is said that intelli- gence has been received at Washington, which indi- cates the preparation of a scheme for a *coup d'tat* at Madrid, having for its object the dethronement of the Queen, and the placing on the throne the young Duke of Alba, with the aid of France. The repub- licans and ultra liberalists of Spain are said to be united in the project, which also contemplates a union of Portugal and Spain under one government. It is thought this change would enable us to pur- chase Cuba from Spain.

FAYETTEVILLE AND WARSAW PLANK ROAD. At a meeting held in Clinton on the 20th inst., for the purpose of organizing the Fayetteville and Warsaw Plank Road Company, the following gentlemen were elected Directors of said Company for the pres- ent year, viz: Dr. Thos. Bunting, Alfred Johnson, William Faison. Dr. Wm. McKoy, Patrick Murphy, Thomas M. Lee, William S. Devane.

REDFIELD'S NOMINATION CONFIRMED. The Senate on Thursday confirmed the nomination of Mr. Red- field as Collector of the port of New York, vice Judge Bronson, removed. The vote stood, yeas 35, nays 8. But one democratic Senator and eight whigs voted against the confirmation of Mr. Red- field.

DEATH FROM CAMPHENE. Captain James Bishop died at Newbern, N. C., last week, in consequence of burns received by the explosion of a camphene lamp.

WHITE SHAD. The first White Shad taken from the Cape Fear this season, were placed in market this morning, and sold at $3 for a pair, the only ones caught.

FALL TRADE, 1853.—BOOTS & SHOES.—THE GREAT RIVALRY, Or, WHO SHALL CONTROL THE NORFOLK SHOE-MARKET, AT WHOLESALE?—Some years ago the Proprietor of the famous Ladies' Shoe Saloon put in his claim to do a large share of this particular branch of the Shoe business, by importing one of the LARGEST STOCKS OF BOOTS AND SHOES which had ever been sent to Norfolk. Since then, at each successive season, our stock has gradually increased until the present time, and now we do a larger business than any other house in Eastern Virginia.

The Ladies' Saloon was first established about twelve years ago, and the Store has been repeatedly altered and enlarged to make room for Mr. ADDINGTON'S increasing trade, until now the old Store can be no longer enlarged. He has recently built for himself one of the largest Stores for his business in the United States.

The New Store is four times as large as the old one, so that hereafter we shall be prepared with the goods to do the largest Boot and Shoe Trade done in the State of Virginia.

(A complete description of this splendid new Store will be given about the 15th of July, when it will be opened.)

At the commencement of each season we have on hand from **$80,000 to $100,000** worth of BOOTS and SHOES, while we constantly receive heavy shipments of goods during its continuance. Our success has indeed been signal, and why? Because we have always conducted our business on equitable principles, mutually benefiting the seller and the buyer.

☞This success is truly flattering to us, insomuch we intend to make still larger additions to our stock, and therefore invite all Country Merchants and Shoe Dealers to come and deal for the future with us at the new store.

HUNDREDS OF MERCHANTS have already availed themselves of our invitation, who return and buy goods at each season, saying, "they can do better at the LADIES' SALOON *than they can do at the North.*" We guarantee to sell at least 5 per cent. less than others, and to sell goods which will suit the retail trade of Virginia and North-Carolina Merchants better than any they may purchase elsewhere. The Stock consists in part of—

Gentlemen's Fine Boots and Shoes, of every fashionable variety,
Ladies' Gaiter Boots, Jenny Linds, and other celebrated styles,
Men's Calf-skin Brogans, of every variety,
" " Boots, " "
" Kip Brogans, " "
" " Boots, " "
" Coarse, Thick Brogans, for Negroes,
" " Boots, " "
Dutch Women's Brogans, for outdoor Women, Field hands, and for Cooks,
Women's Leather Bootees, for House Servants, &c.
" Shoes of every kind and quality,
Boys' Kip and Coarse Boots and Shoes of all kinds,
Misses' and Children's Shoes of all kinds, over 100 different varieties.

The attention of Country Merchants is invited to this immence Stock of Boots, Shoes and Brogans, at the Ladies' Saloon, where they can buy every article wanted by them at the lowest wholesale prices, thereby saving themselves the trouble and expense of going to the North for their supplies.

TERMS—SIX MONTHS CREDIT.

☞ The Ladies' Saloon is on Main Street, near Walters' City Hotel.
